SIXTY WEDDING ANNIVERSARY

One Hundred and Fifty Guests
Gather at the Wykoff
Home Sunday

Well Known Washington Town-
ship Couple Have Long
Wedded Life

Rush county has two aged people that have spent more years in one long blissful union, perhaps, than any other couple in the county. Golden wedding anniversaries are very common, but it is seldom that couples are permitted to enjoy wedded life longer than the fifty years, allotted as a bounty for the journey to the golden goal.

However, in the case of Mr. and Mrs. James M. Wykoff, living one-half mile west of Falmouth, is an exception, for Sunday they celebrated their sixtieth wedding anniversary, amid the congratulations and best wishes of about one hundred and fifty guests, who assembled at the aged couple's home and partook of a bounteous country dinner and enjoyed a splendid social time.

Ten years ago, Mr. and Mrs. Wykoff celebrated their fiftieth wedding anniversary. They thought that would be their last celebration, but through the kindness of Him who guides all things, they were permitted yesterday to round another half score of years, with prospects for many more returns of the day.

Mr. Wykoff is in his eighty-first year. His wife is seventy-seven years of age. Both were born and raised in this vicinity, and during the sixty years of their wedded life they have resided in Washington township. They have resided on the farm where they entertained Sunday, for 35 years.

Mrs. Wykoff was formerly, Miss Jane McCrory. She is a sister to Mrs. Phoebe Irvin, of this city.

Among the guests present Sunday, were three people who saw Mr. and Mrs. Wykoff married on September 30th, 1846, and attended the wedding reception. These people were Mrs. Phoebe Irvin, of this city, aged 75; Mrs. Isabelle Blew, of Cambridge City, 75, and R. W. Rick, of Falmouth, 78.

Mr. Wykoff and his wife are among Rush county's most well-to-do and highly respected citizens. Mr. Wykoff owns 400 acres of some of the finest farming land in the county. He has been a very industrious man all his life and has a host of friends who wish he and his wife many more such wedding anniversaries as that of yesterday.

Among the out-of-town guests present Sunday were: Daniel P. Shawhan, of Indianapolis; George H. Lail and wife and Emory B. Caldwell and wife, of Indianapolis; J. J. Gifford, Fairmount, Ind.; Anna Jeffery, Osceola, Neb.; Mrs. Elsie Good, of Chicago, Ill.; Mrs. Isabelle Blew, Jacob Blew and wife, Mrs. Nora Scott and daughter Noble, of Cambridge City; Newton Irvin, of Tippecanoe; L. E. Murray, of Indianapolis; and Mr. and Mrs. John T. Gray. Samuel Gray and Mrs. Pearl Gray, of Nevada, Ind.; Charles L. Gray and wife, of Greenfield, and Mrs. Garrett Gray, of Connersville.

SKATING RINK FOR THIS CITY

H. A. Kramer Lets Contract for
One Story Building to
John Crowley

The roller skating craze that is sweeping the State, has struck Rushville, and H. A. Kramer, the well known butcher, will give the people here a chance to enjoy the sport to the fullest extent. Mr. Kramer today contracted with John Crowley, who is building the new foundry building on West Second street, for the erection of a one-story brick building, to be used as a skating rink on his lot on Main street.

Mr. Kramer is a well known and respected citizen of Rushville, and has been in the business of butchering for many years. He is a native of Ohio, and has been in Rushville for over twenty years. He is a member of the Rushville Athletic Club, and has been in the business of butchering for many years.

INJURED IN CLASS SCRAP

Lawrence Root Has Rib Broken
at Purdue Friday
Night

Lawrence Root, son of Mr. and Mrs. W. D. Root, of this city, and a Freshman student at Purdue, had a rib broken in the "Tank Scrap" at Purdue Friday night. He was also bruised and scratched. Others in the "scrap" from Rushville were Roy Aldridge and Joe Ong, Sophomores, William Schrader, Willie McGuire, Charles Holden and Warne Carmichael Freshmen. None of these have been reported injured beyond bruises and scratches.

DONNELL POWER PASSES AWAY

Well Known and Popular Young
Man Dies After a
Short Illness

With the deepest sorrow and surprise the news of the death of Donnell J. Power, was received throughout the city Sunday evening. Few people realized the seriousness of his illness and many were unaware that he had been ill at all. The death has caused a shock throughout the community, for Mr. Power was widely known and his friends were numbered by the hundreds.

About twelve days ago, Mr. Power was taken ill with what was believed to be liver trouble. He was not thought to be seriously ill, but his case refused to yield to treatment, and his condition steadily grew worse. His death occurred at 6:45 Sunday evening. The exact cause of death is unknown. An autopsy was held this afternoon for the purpose of ascertaining it.

Mr. Power was 23 years of age, having been born March 19th, 1883. He was the son and only child of Mr. and Mrs. Boone Power, of North Morgan street, with whom he resided, and was active in social and church circles. He leaves a wife, Mrs. Lillian Power, daughter of County Auditor and Mrs. A. L. Winship, to whom he had been married for about 19 months.

The funeral service will be held at the late residence Tuesday afternoon at 1:30 o'clock, conducted by Rev. J. H. MacNeill, of Kokomo, and Rev. W. W. Sniff, of this city. Interment will be in East Hill cemetery. Friends may view the body from 9 to 11 a. m. Tuesday.

In the death of Donnell Powers, this city has lost one of its model young men. Generous to a fault, as industrious as it is possible to be, sympathetic and courteous, possessed of a high sense of duty and respect for the rights and privileges of others and firm in his religious beliefs, he stood as a criterion and example of what a young man should be. To know him was to admire him. His many qualities were the joy of his friends and associates, and his genial disposition and sense of honesty and steady determination to do what is right, made the community better for having lived in it.

FUNERAL OF AN ACCIDENT VICTIM

The funeral of Mildred, the little four-year-old daughter of Mr. and Mrs. "Bud" Ray, of near Gwynneville, who was accidentally killed by her cousin Russell, aged 7, while visiting at the home of the latter's parent, Mr. and Mrs. William Ray, on the R. H. Philip's farm, south west of Arlington, was held today with burial at Arlington.

Immediately after the accident Saturday morning Dr. R. S. McCray was hurriedly called from Morristown, but the pretty little girl was beyond human aid when he arrived.

The little Ray boy when he realized the result of his act was frantic with grief. He pleaded that he did not intend to hurt his little cousin and that he did not know the gun was loaded. He said he was playing go hunting and that the little girl was the rabbit, but he had no intention of hurting her at all. Late Saturday afternoon the body of the little girl was removed to her home, which and her mother had left in such a sad mood early that morning.

MANY WERE IN ATTENDANCE

Annual Reunion of Guffin
Family Held Saturday
at Fairgrounds

Despite the Rain Everyone En-
joyed Themselves
Immensely

The Guffin reunion went through according to schedule at the Rush county fair ground Saturday, Sept. 29th, 1906, notwithstanding the constant downpour of rain. The variety of weather was rain, more rain and yet more rain. But, as the family very largely are of a peculiar religious faith which believes that at certain times there is virtue in much water, they took hold of the situation undaunted and made the event a jovial affair and one long to be remembered. The morning was spent in greetings and only the broadest smiles were in vogue. A few introductions were necessary, but the lion's share was used by the new mother-in-laws of the family who was in her real element when displaying the new son.

Dinner was announced and there was no trouble in gathering the host at the great dining hall, where plates were laid for the entire gathering. And such a dinner! 'Tis useless to try to describe it. In quality, variety and quantity it certainly surpassed even the great reputation of the family as culinary experts. We, who never know what it is to gaze upon such loads of good things to eat "dinnish" heroically in the endeavor to finish the visible abundance, but had to recant in despair, for 'twas said that not twelve, but seventeen baskets of fragments were gathered up. The writer didn't count them however.

Following the dinner a list of names taken disclosed the fact that the gathering numbered eighty-five, sixty-three of which were residents of Rush county. Those present from other places were: Lewis H. Guffin and wife, of Riverside, Cal.; J. W. Robinson and wife, of Long Beach, Cal.; Judge J. C. Robinson, of Spencer, Ind.; Mrs. S. J. Hedrick, of Kansas City, Mo.; Andrew G. Brookover and wife, of Blipier, Ind.; Asael Brookover and Walter L. Brookover, of North Manchester, Ind.; Mrs. Chessie Manzy, of Indianapolis, Ind.; C. S. Cottingham and wife, of Garrison, Ky.; H. K. Shildner, of Rochester, Ind.; Wm. Dill and wife, of Harrisburg, Pa.; Mr. St. Clair Parry and son, George Thomas Parry, H. H. Guffin, Mrs. M. C. Guffin, Mrs. Dr. E. M. Amos, of Indianapolis, Ind., and Mrs. Dr. W. T. Cooper, of Scircleville, Ind.

Temporary Chairman, Hon. H. E. Guffin called assembly to order in the large amphitheatre and with a few appropriate remarks introduced the following program:

Harry K. Shields, singing evangelist, very kindly accepted the invitation to lead the singing and the large crowd joined with much spirit in singing "All Hail the Power of Jesus Name." Rev. F. B. Thomas invoked the divine blessing, and George Guffin, the real brilliant of the old regime, was introduced with a paper upon family record and achievements of the past.

Lewis Guffin spoke of the extreme pleasure of the reunion of the family, of the improvements in good old Rush since he was here, of the great beauty in the appearance of this country to him. He gave a neat, short description of California, his home State, saying that he would continue to make that his home, and feelingly referred to the fact that he might not be able to meet the family again in reunion.

Mrs. Lewis Guffin responded pleasantly to the request to tell about their family, stating among other things that the musical talent in the Guffin family was not at all confined to this section of the country, that her boys were as proficient horn-blowers as any of the name anywhere.

O. F. Guffin expressed pride in the history of his family. He said it was once a prominent family and he believed it continued to be. He was further branching out upon his subject when a severe rain and wind storm swept down upon us, but he raised his voice to the emergency and fought bravely on until a freight train appeared upon the scene, when he gracefully sidetracked.

The old saying "there's nothing new under the sun" was put entirely out of commission by temporary chairman, Hon. H. E. Guffin, who was guilty of unloading a trait of character never before heard of in all the line and lineage of the family, when, with an extreme degree of real modesty he passed his own number upon the pro-

gram and called the following one. All right, Elmer, we lift our hats to you now, but as all good things keep, we will hear you next year on "The Guffin Family and its Future."

Rev. F. B. Thomas made a short talk upon the "Religious Side of the Guffin Life and its Influence," and with his ever ready "please the ladies" characteristic began by saying he felt he knew more about the culinary side of that life. Upon the real subject, he stated that he wished to give most of his time to one who was acquainted with the family in its early history here, and with the assertion that he was thankful to the Almighty God for the character and power of the Guffin family today in the church, and that this result did not just happen to be but must have come from some cause of the past, turned the subject over to Judge J. C. Robinson, who talked for some time so interestingly that he commanded the very closest attention of his hearers, and was warmly applauded. He began by saying he considered himself a "butt-in."

He liked that term, because of its modernness, but we suggest that in his next attempt to be strictly modern, he add the Russian finale.

The judge could not refrain from recalling some of the social customs of the early day, giving laughable descriptions of the manner of courtship at that time. He courteously tendered his heartfelt thanks in appreciation of hospitality shown, spoke of the sacredness of family communion here below, eulogized Rush county and its people, saying that he who left Rush county to make his home in other places, leaves his heart here. He discussed the early achievements of the Guffin family and closed with the forcible statement that the greatest achievement of that family in the early days was that sons and daughters were begotten unto the Lord Jesus Christ.

Upon motion of George Guffin the acting committee was continued for another year and instructed to select time and prepare for the meeting next year. A truly great day in the history of the family closed when we breathed the prayer in song, "God be With You Till We Meet Again."

MARSHAL PRICE CATCHES EAGLE

Charles Ulrey, Caught Trying
to Smuggle Beer into
Lodge Room

FOUND—A case containing thirty bottles of Jung beer. Owner may have same by calling upon Marshal Price and proving property.

As the result of the capture of a tipsy Eagle about 1:30 Sunday morning, Marshal Price has a case of beer upon his hands and as he does not drink, he is at a loss to know what to do with it.

About 1 o'clock Sunday morning the Marshal received a call to the Greek candy store. The boys there had closed up shop and informed the marshal that there was a drunken man at the head of the stairway nearby and that he would not let them up so they could retire for the night.

The marshal found Charles Ulrey, dead drunk in the hallway at the head of the stairs trying to smuggle a case of beer into the Eagles' club rooms. Price took Ulrey to jail and left the beer a candy store.

This morning Ulrey plead guilty before Mayor Cowing and was fined \$11.

Yesterday he asked the marshal what the fine would be and was informed that it would probably be about \$11 from "tip to tip," and as Ulrey was a big Eagle and very tipsy the mayor fined him the full amount.

SCHOOL NOTES.

NOTICE TO SCHOOL PARTONS

The school made a splendid beginning last week. While the conditions for instruction were not the most favorable, the teachers and pupils showed such interest and application that the hindrances seemed only difficulties which those interested in the work were glad to overcome. Several appliances and supplies not yet in place, but these are being supplied as quickly as it is possible to get them.

All pupils who wish to enter school for the present term must enroll on or before October 8th. It is now late enough that all who are intending to take advantage of the school have had ample opportunity to enter.

Respectfully,
J. H. SHOLL, Supt.

The population of the United States is estimated to be eighty-five millions, and only twenty-nine millions are connected with any church.

BULLETIN BY SUPT. HEADLEE

Says Teachers Have Pulled
Away From Real Pur-
pose of Reading

He Suggests Ways of Improv-
ing Recitations and
Reading

In the first of a series of bulletins which he has planned to issue from time to time during the present school term, each touching some phase of the teachers' work, County Superintendent Headlee treats of the question of successfully teaching "Reading" in the schools. He says:

"My observation of the reading work throughout the county, covering an experience of three years, has led me to believe that some suggestions on this work would not be out of place and might even result in some good.

If my conclusions have not been improperly drawn we have got away, generally speaking, from the real purpose of reading, especially in the lower grades. (There are of course some exceptions). Everywhere I find teachers putting emphasis on the "getting of the thought," or "learning the story," and usually the recitation is largely taken up with the getting of answers to such questions as "What did you understand by this expression?" "What pictures do you see in this paragraph?" "What is the meaning of this word?" etc. Scarcely ever do I hear such questions as "How would you read this?" "Where would you put the most emphasis?" "Could you not read this a little better?" In short there is a general neglect of the mechanical side of reading, which, I think, should not be so; at least in the grades below the seventh.

I do not believe that the teachers to any great extent are responsible for this condition, nor am I blaming them. Those who have instructed us the past few years have emphasized the "thought-getting" side of reading to such an extent that the oral side has been almost obscured. They have made us believe that if pupils get the meaning of the author all right they will so good oral reading. This, I believe, is but partially true. A pupil may know the meaning of the words in his spelling lesson and still do poor spelling; or what is more to the point, he may know how to spell the words silently and yet it will be a good thing for him to spell them orally or on paper, there is such virtue in applying what one knows. To be able to read well is an art worth the greatest effort to acquire. Teachers should lead pupils to see that, though there are many possible ways, there is one best way to read every sentence.

This will make it necessary for the teacher to ask the pupils to repeat often and there will be much discouragement over the pupils' apparent failures, but all this will be time well spent and patience and perseverance will bring results.

Now I would not be misunderstood. Getting the thought, the meaning of words, etc., is very important and should not be neglected. In the higher grades this is the one thing to do. In the lower grades, however, I believe more attention should be given to oral reading. The thought side should be considered, but not at the expense of the oral. To strike an average would be the proper thing to do.

I am not unmindful of the fact that the time for recitation is limited and that it takes much time if we require pupils to repeat, but would it not be better to make our assignments short, sometimes at least, and read what we read, well, than to get over a large lesson carelessly. Other times longer lessons may be assigned a portion to be read carefully and the remainder hurriedly, merely for the story.

Hoping that these few hurried suggestions may be instrumental in bringing about better teaching in oral reading, I am

GRAND JURY MAKES REPORT

Finds Moral Conditions of the
County to be in Good
Shape

After a short session during which no indictments were returned the grand jury adjourned today and made its report to Judge Sparks. The jury reported that it had examined the jail and county infirmary and found them in first class shape, but recommended the placing of screens in the windows and doors of the insane ward at the infirmary. The jury also reported that it found moral conditions in Rush county at the present time to be of the best.

A. A. ANDERSON QUITS THE I. & C.

General Superintendent of the
Local Line to Manage
the I. C. & S.

A. A. Anderson, who has been general superintendent of the Indianapolis & Cincinnati Traction company's lines, has resigned to become general manager of the Indianapolis, Columbus & Southern R. R., the electric line owned by Joseph I. Irvin, father of William G. Irvin, whom Mr. Anderson succeeds.

Mr. Anderson began his career as an employee of the Indianapolis Street Car company. After he had risen to the office of general manager of the Indianapolis company, he resigned and accepted a position with the Mahoning Valley Traction company which operates a local line in Youngstown, O. For two years he was general superintendent of the I. & C. with headquarters in this city. Mr. Anderson's resignation takes effect this month. His successor has not yet been named.

Mr. Anderson, as an official of the I. & C. has made many friends in Rushville, who regret his leaving the company. His experience in building the I. & C. lines will no doubt stand him well in hand when superintending the construction of the I. C. & S. extension to Seymour.

COURT HOUSE NOTES

A marriage license was issued today to Jesse M. Smith and Edna Bell.

The suit of William Churchill vs. Reuben B. Henley, on a note has been dismissed.

The prosecuting attorney has been ordered to appear for the defendants in the divorce cases of Elizabeth Reynolds vs. Harlan Reynolds and Jennie Palmer vs. John W. Palmer.

The county commissioners convened their October session today. Most of the day was spent in allowing claims. Bids on the contract for furnishing supplies to the county infirmary were received.

Special Judge Broadus has overruled the motion to set aside the order granting a new trial in the case of Alfred Kendall vs. Marcus Kendall to set aside a deed and the case will be tried a second time.

In the case of Alvan Moor, receiver for the Equitable Building Loan Fund and Savings Association vs. William and Mary Bainbridge, on note and mortgage, Judge Sparks has given judgment against the defendants for \$330 and assessed the costs against them.

In the case of Dora B. Wellman et al. vs. George Paul Armstrong et al., Edward Holman, commissioner, has filed his final report and paid into court the following amounts: Paul Armstrong, \$1001.42; John W. Stark, \$536.51. The commissioner has been discharged.

The case of Meek, administrator vs. Matney, et al., was on trial before Judge Sparks this afternoon.

Charles Wilson plead guilty in Squire Jackson's court this morning to the charge of assault and battery upon his wife, and was fined \$10.20, which he paid.

E. Snider & Co. have filed suit against Ed Walters, in Squire Jackson's court on an account, demanding \$32.

PRESBYTERIAN BROTHERHOOD

First Convention at Indianapolis,
at Which Cleveland and
Bryan Will Speak

The Presbyterian Brotherhood, authorized by the last General Assembly of the Presbyterian Church North, through the committee on men's societies, which was enlarged and continued to put the plans into effect, is hard at work.

The committee is headed by the Rev. Dr. John Clark Hill, of Springfield, O.

The first meeting of the committee, following the General Assembly, was held a week or so ago in Detroit, Mich. Plans were there made for the first convention of the Presbyterian Brotherhood, which is to be held in Indianapolis, November 14th and 15th. This convention promises to be remarkable, in the opinion of Presbyterian leaders, because of the number of men of national prominence who will have a place on its program. All these men are Presbyterian laymen and the list includes former President Grover Cleveland, William Jennings Bryan, President Woodrow Wilson, of Princeton University; John H. Converse, of Philadelphia; Cyrus H. McCormick, of Chicago; Morris K. Jessup, of New York; Robert C. Ogden, of New York; Louis H. Severance, of Cleveland, and President John Willis Baer, of Occidental College, California.

A number of local members of the Brotherhood will attend the convention. Alfred Martin is the local delegate and Rev. McConnell is the delegate from the Presbytery. He is also chairman of the committee on Brotherhood.

LOCAL BREVITIES

Mrs. W. L. King is slowly improving.

A. B. Flinn is now able to be out after a short illness.

W. E. Foster and wife are moving from the Martha Powell farm to a farm near Gings.

William Gordon, who has been ill for some time, was able to come down town today.

Rush Chapter No. 24 R. A. M. will have its regular meeting this evening at 7:30.

Mrs. Charles Kennedy is now able to be out after a two weeks' illness with flux and gall stones.

Miss Kramer Seierest's picture appeared in the Indianapolis Sunday Morning Star as a member of the "Jim Crow Club," at Anderson. Miss Seierest is of this city now, but formerly was a resident of Anderson.

The thirty-first annual reunion of "The Old Brigade" consisting of the Eighth and Eighteenth Infantry regiments and the First Indiana Battery of Artillery, will be held at Pendleton, Ind., Friday, October 19th, which is the 43 anniversary of the battle of Cedar Creek. Ben Adams, Edward Young and James J. Osborne are the only surviving members of the brigade in Rush county.

The Rushville Concert band arranged for a program to be rendered at the factory park Sunday afternoon, while a picture of the band was to be taken, and caused the Republican to make announcement to that effect. Some member of the band took it upon himself to change the program Sunday afternoon, thinking the weather was not propitious for a concert in the park, and the consequence was that a great many people who gathered at the park were disappointed. The program should have been carried out by the band as planned. The Republican will be a little more cautious in the future in making announcements for the band. The photograph of the band was taken on the court house steps instead of at the park, about 4 o'clock.

The engagement of Mr. Joseph Miller, of near Sexton, and Miss Estella Trowbridge, of near Knightstown, and Mr. Omer Collier, of Shelbyville, and Miss Lena Kelley, of this city, were announced at St. Mary's Catholic church, Sunday. The weddings will occur about the middle of this month.

Edward Bates, who had been an inmate of the county infirmary for three years, died this morning of dropsy and old age, after an illness of about a year. He has relatives at Arlington, who will take charge of the body. The funeral services will be held at Arlington tomorrow. The deceased was 83 years of age.

POLITICAL BATTLEFIELD

Both Parties Will Train Their Big Guns on the First.

Indianapolis, Ind., October 1.—The Republican state committee has been appealed to strongly by the First district leaders for help for Congress man Foster of Evansville. As a result, everything possible will be done from this end to save the day for him. The district is normally Republican but it is understood that the word received at headquarters from there is not of an encouraging nature. As much on Senator Hemenway's account as anyone's the present organization feels that it cannot afford to let the First go Democratic. More than that they don't want to see a big slump in the vote there, even if Congressman Foster should pull through. Arrangements are now being made to send the strongest speakers to the First and to keep up a string of spellbinding that will arouse old-time enthusiasm. The Democratic campaign managers here will do all they can for Major G. V. Menzies, but their resources are not so great as those of the Republicans. They are feeling a little "chesty" however, over the prospects in the First and are convinced that Major Menzies at least has an even chance.

Chairman O'Brien returned from Lawrenceburg today, and with Chairman Hendren of the speakers' bureau, plunged into the arrangements for Bryan's tour of the state Oct. 22, 23 and 24. They may have it ready for publication by the middle of the week. Their work has been made especially difficult by the many urgent requests for speeches that cannot be filled owing to the limited time Bryan will be with them, and also because of lack of funds to carry out their plans with a liberal hand. It is the understanding here that the state organization is shy, as usual, of funds, as it has to depend on the liberality of the men who have the interests of the party at heart and on the regular assessment of the candidates. The organization hasn't seen any corporation money for so long that the color of it has been forgotten at the headquarters. The special train will cost the organization in the neighborhood of \$5,000 for three days. The railroads are making no concessions and are charging for fifty first-class fares between every point made. In order to meet the demand for funds it is said that Chairman O'Brien and Chairman Hendren will call on the local organizations wherever Bryan stops to help bear the expenses of the trip. The demand for him is so urgent that it is likely that considerable money will be subscribed by the local committees.

A sensation has been created by the publication of a story that Hearst is extending his Independence League to Indiana. The work of organization has been going on for several weeks, but so quietly and skillfully that it has escaped public notice. It was learned that the managers of the Democratic campaign got wind of the movement about a month ago, but kept still about it in hopes of being able to gain more information. It has been a case of "gum-shoe" work on both sides. The managers of the league, it is said, had instructions to work openly immediately Hearst was nominated for governor of New York. The party leaders throughout the state have been convinced for some time that Hearst would make an attempt to capture the delegation from Indiana to the next Democratic national convention and use it in the interest of his own presidential candidacy, but they had no idea that the work would be started this early.

R. R. No. 8, Rushville.

Washington, Oct. 1.—The net decrease in the pension roll of the United States for the fiscal year ending June 30 last amounted to 12,470, the largest decrease ever known in the history of this country. These facts are brought out in the annual report of Commissioner of Pensions Warner, which has just been completed. In the report the commissioner expresses the opinion that there will be a still more marked decrease during the present year.

During the year there were added to the roll 55,569 new pensioners and 1,405 restorations and renewals, making a total addition of 54,974. The total number of pensioners on the roll during the year was 1,033,415. The number of pensioners dropped from the roll during the year was 47,444, leaving the number of pensioners June 30, 1906, at 985,971. The maximum number of pensioners in the history of the bureau was reached Jan. 31, 1905, when it was 1,004,196, since which date there has been a steady decrease.

Death was the principal cause of the decrease of the last year, the number of names dropped on that account being 43,300. Of these 29,208 were those of survivors of the civil war, leaving 666,453 survivors of that war still on the roll. There are still four pensioners on account of the Revolutionary war, one a widow and the other three daughters.

The commissioner called attention to the fact that while there has been a material decrease in the number of pensioners, the annual value of the roll is nearly as large as it was last year, arising from the fact that the ratings of many invalid pensions are constantly increasing.

Pennsylvania has the largest number of pensioners, 98,829; Ohio follows with 98,564, New York 89,240. During the year 23,628 claims were allowed under order No. 78, allowing old age pensions.

Since the beginning of the civil war there have been granted by special acts of congress 17,215 pensions and increase of pensions of which 10,417 are now on the rolls with an annual value of \$2,937,620. During the last session of congress 3,507 special acts were passed.

The report shows that in the entire history of the country the total expenditure on account of pensions has been \$3,459,860,311, of which only \$96,445,444 had been paid out prior to the beginning of the civil war. Of the total \$3,259,195,306 was on account of the civil war. The total payment of pensions on account of the Spanish war reaches \$15,438,555 up to date. The disbursements for navy pensions during the year were \$4,204,004.

Unknown Steamer Foundered.
Port Huron, Mich., Oct. 1.—An unknown steamer foundered with its entire crew in Lake Huron off Sanilac at 3 o'clock Sunday morning during the northwest gale. The tragedy was witnessed by the crew of the passenger steamer City of Mackinaw, which cruised about in the vicinity for some time in the hope of rescuing some of the crew, but in the darkness and storm no trace of them could be found nor any clue to the identity of the vessel.

Firebug Sentenced.
Danville, Ind., Oct. 1.—Harvey Keefanger was found guilty of arson in the Hendricks circuit court and sentenced to a term of from two to twenty-one years in the penitentiary. The flooring mill of J. W. Harvey was burned at North Salem and an investigation revealed the fact that Keefanger had made threats against the owner of the mill, with whom he had recently quarreled over the location of land which Harvey had surveyed.

Sixteen Balloons in a Race.
Paris, Oct. 1.—Sixteen balloons, averaging 2,000 cubic meters capacity each and representing seven countries, sailed from the Tuilleries gardens in the heart of Paris last evening for the first competition for the Gordon Bennett cup for international aeronauts.

WAS TOO BUSY TO WRITE
F. S. Herzog Had Neglected All These Years to Keep Old Companions Informed.

Indianapolis, Oct. 1.—Mourning as dead for forty years by his comrades of the Twenty-sixth Indiana Volunteers, F. S. Herzog of Bloomfield Saturday joined the surviving members of his old regiment at the fortieth annual reunion held at the home of C. H. Shellhouse in this city.

When the regiment was mustered out, Jan. 15, 1866, at Vicksburg, Herzog was missed, and until Saturday his comrades had no trace of him. For several years after the war Herzog had remained in the South. Later he moved back to his native state, where he bought a farm near Bloomfield. He was too busy to attend the reunions of the regiment, he said, but never dreamed that his comrades thought he was dead.

The Twenty-sixth Indiana when mustered out had more than 200 names on its rolls and had the honor of marching more miles than any other regiment during the war. The regiment was enlisted at Camp Sullivan, now known as Military park, Aug. 30, 1861. The regiment was in service four years and a half, ninety-six men being killed in battle and 268 dying by disease. The greatest loss of life suffered by the regiment was at Prairie Grove, Ark.

LONG VACATION ENDED
Supreme Court Ready to Take Up Important Cases.

Indianapolis, Oct. 1.—The Indiana supreme and appellate courts will resume business tomorrow. The courts have been closed for two months. The usual heavy grist of business awaits the convening of the courts. Wednesday is the day the supreme court has set for oral argument in the special case of David E. Sherrick, the former auditor of state, who was convicted of embezzling public funds.

Tuesday the court will decide whether or not the attorneys for J. O. Henderson and A. C. Daily, former state auditors, are to be allowed to take part in the argument in the Sherrick case. Petitions have been filed with the court by the attorneys for these men asking permission to file intervening brief and take part in the argument on the theory that there are features of the Sherrick case that have a bearing on the cases against Henderson and Daily. It is not likely a decision will be given by the court for several weeks.

Oct. 10 the supreme court will hear oral argument in the cases that have arisen as a result of the enactment by the last legislature of the Moore amendments to the Nicholson temperance law. A number of the cases have been "bunched" by the court and will be decided at the same time.

Reward Offered for Murderer.
Angola, Ind., Oct. 1.—Frederick Griffin, foreman of the gravel washing works of the Lake Shore railroad at Pleasant Run, four miles south of Angola, is dead of injuries he received at the hands of one of the workmen, John McGrupe. Griffin separated McGrupe and another combatant in a saloon fight. McGrupe harbored a resentment against the peacemaker and waylaid Griffin on his way home, felling him with a rock. Griffin's skull was fractured. McGrupe made his escape and no trace of him has been secured. The Lake Shore has offered \$1,000 for his arrest.

Two Killed by Explosion.
Indianapolis, Oct. 1.—Buried under tons of wreckage and filth, and scalded and crushed, the bodies of Richard Cox and Daniel Clark were found after six hours' work at the Indianapolis Dedicating company's plant, south of the city, which was partially wrecked by a terrific explosion of a steel garbage tank.

New Evidence Found.
Port Wayne, Ind., Oct. 1.—John J. Kennedy and Charles Laughlin were arrested on grand jury indictments, charging the murder of Samuel Augsberger Sept. 8. Laughlin was in jail, but Kennedy was out on bond. They are held without bonds. New incriminating evidence was found.

NO FRICTION REPORTED

Insurgents Content With Provisional Government.

Havana, Oct. 1.—The work of disposing peacefully of the revolutionary forces in arms against the Cuban government is already practically under way. Brigadier General Frederick Funston, chairman of the disarmament commission, had two amicable conferences Sunday with Generals Pino Guerra and Del Castillo and arranged a program perfectly satisfactory to all concerned. In fact General Funston said that the wind-up will be so smooth and rapid that it will take much less time than had been anticipated.

The first landing of any considerable number of Americans took place Sunday night, when 450 marines came ashore from the squadron in the harbor. This force proceeded for Cienfuegos on a special train. It was explained that this movement was not made on account of any actual trouble in Cienfuegos, but for the purpose of exerting a calming influence on the local situation, which contains some possibility of a conflict by reason of the tense feeling existing between the government volunteers and the insurgents.

Sunday at the palace passed quietly and rather gloomily. There were yet no signs of Secretary Taft's actual occupancy of that place, which was the scene of a number of farewells to ex-President Palma and his family. The members of the diplomatic corps and the foreign consuls called in a body to say good-by. They gave expression to many sincere wishes of cordiality.

and appreciation of the character and kindness of the late heads of the republic. Senor Palma received all his visitors with quiet dignity and seemed entirely reconciled to going, although he still appears dejected at the outcome of the revolution.

The disarmament commission has decided that the rebels shall not receive payment for their arms, but each man will be given transportation and subsistence until he reaches home. The program of disarmament is simply that one member of the commission accompanied by one or more representatives of the revolutionists will visit each command. The arms will be deposited with the battalion commander, who will turn them over to the commission. The rebels will take their horses home, the animals which have been stolen to be returned later to the owners on proper identification.

The first of the disarmament commission left here last night for Puerto Principe. Others started today for Santa Clara province on a special train which will pick up the arms turned in at the various places on the way. As Santa Clara province contains the largest number of rebels in arms, the work there will be especially arduous. General Guerra himself will assist in superintending the work of the return of his men to their homes after the forces in Pinar del Rio province have given over their arms. General Funston expects to remain in Havana in general charge of the work of disarmament. When this is completed he will take command of all the United States troops in Cuba.

General Pino Guerra, speaking of the new situation in the island, said all the men of his forces were eminently satisfied with the arrangements. He expressed the belief that the stability of the government was now assured and predicted that never again would there be a revolution in Cuba, thanks largely to the United States government for the hand it had taken in the settlement of the difficulty.

A GROWING DEATH LIST

Mobile Counting Up the Losses by the Great Storm.

Mobile, Ala., Oct. 1.—The number of casualties in the great storm of last Wednesday is slowly increasing as messages are received from places which have heretofore been inaccessible. The total of the known dead has been brought up to a certainty of seventy-nine, and a possibility of 102 by the reports which have reached Mobile. Four bodies not before counted have been found at Coden, and it is estimated that twenty-three lives have been lost from the Oyster fleet around Cedar Point. This last estimate is not known to be accurate, and is probably somewhat exaggerated for the reason that it includes among the dead every man aboard a fishing boat which has not been heard of since the storm. It is known that some of the boats on which these men were have been driven ashore, and it is entirely possible that some of the crews managed to reach the shore. It does not seem likely at present that the death roll will amount in this vicinity to more than 125.

Mobile itself is rapidly emerging from the confusion caused by the storm. Large gangs of men were kept working all of Sunday in clearing the streets of debris, three of the streetcar lines have commenced to run for the first time since Wednesday, the confusion at the docks is rapidly being repaired and business will be at normal action as soon as the railroads are able to run trains. The situation along the coast to the west of this city is now fairly well known. At Scranton, Miss., one church, the Odd Fellows hall and several buildings were blown down. At Pascagoula Beach not a residence is left standing, the river front at that point is completely torn up, and the light-house there has been destroyed. Shipping at this point, however, has been badly damaged. The keeper of the Horn Island lighthouse just outside of Scranton lost his life. The captain of a tug which came near the house at the commencement of the storm urged him to leave, but he refused to abandon his post, and in a short time was drowned. The entire end of the island on which the lighthouse was situated is said to have been carried away by the waves.

At Biloxi the damage has been of a minor character to buildings. Every bath-house in the place has gone and the beautiful driveway along the coast at this point has been destroyed. Boats which have from time immemorial found refuge from all the storms that blew by fleeing into the bay at Biloxi, were granted no such immunity on Wednesday, as the waves ran high in the air and many of the boats that sought refuge there were sunk and all of them were badly damaged. At Pass Christian no lives were lost and the damage was slight. The wrecking of a few houses comprised the damage at Gulfport and no lives were lost there. Five out of eight vessels at Ship Island at the time of the storm were beached, and two will be total wrecks. Several vessels, the names of which are unknown, are ashore off Horn Island and the small islands marking the passage between Dauphin Island and the mainland have been destroyed.

Pensacola's Awful Loss.

Pensacola, Fla., Oct. 1.—Not since the Galveston disaster has such a hurricane swept the gulf coast as the one which struck this city Thursday morning with all impelling force and raged for twelve hours, the wind blowing steadily at 80 and 90 miles an hour, with occasional gusts of 100 miles an hour. The known loss of life up to date is thirty, which will probably be increased to seventy-five, while the property loss will exceed \$5,000,000.

Back to Washington.

Oyster Bay, N. Y., Oct. 1.—Today witnesses the transfer of the executive department of the United States government from Oyster Bay, the so-called summer capital, to Washington. President Roosevelt with his family and the members of his executive staff, who have been at Oyster Bay with the president during the summer, started for Washington at 11 o'clock this forenoon. On Thursday the president will go to Harrisburg to deliver the oration of the day on the occasion of the dedication of the new Pennsylvania state capitol. He also will deliver an address at York, Pa., on the return trip from Harrisburg to Washington.

Held on Murder Charge.

Indianapolis, Oct. 1.—Louis Saltis, a Hungarian, who was arrested at Chicago on information from the Indianapolis police department, was returned to the city and is now lodged in jail charged with the murder of Nicola Gligor, a fellow countryman, who was found dying of many knife wounds in his boarding house several weeks ago.

A DANGEROUS MISTAKE.

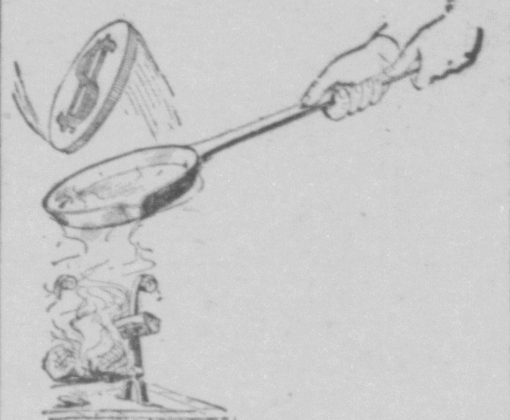

Rushville Mothers Should not Neglect Kidney Weakness in Children.

Most children have weak kidneys. The earliest warning is bed-wetting. Later comes backache, headache, languor.

'Tis a mistake to neglect these troubles. To blame the child for its own distress. Seek to cure the kidneys—

Save the child from deadly kidney ills. Doan's Kidney Pills cure sick kidneys. Mrs. Charles Petet, of 27 North Vine St., Shelbyville, Ind., says: "I was sent to a drug store for Doan's Kidney Pills to give to my little boy, who was afflicted with nocturnal weakness of the kidneys, caused by an attack of scarlet fever. There has been no cessation of the trouble until I gave him this remedy although we have given him other medicines and prescriptions, which failed to relieve him. Doan's Kidney Pills brought such prompt relief that I highly recommend them for children with weak kidneys."

For sale by all dealers. Price 50 cents. Foster-Milburn Company, Buffalo, New York, sole agent for the United States. Remember the name—Doan's—and take no other.
